1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following changes have been made to the subject application:

Claim 1:

Line 6, after "emitter", --follower-- has been inserted.

Claim 5 (canceled).

Claim 6:

Line 8, after "emitter", --follower-- has been inserted;

Line 14, before "a differential amplifier", --wherein the amplifier comprises-- has been inserted.

Claim 8:

Line 8, after "emitter", --follower-- has been inserted;

Line 18, after "output current", --from the amplifier-- has been inserted.

Claim 12:

Line 7, after "emitter", --follower-- has been inserted;

Line 20, after "output current", --from the amplifier-- has been inserted.

Claim 15:

Line 7, after "emitter", --follower-- has been inserted;

Line 18, "the photo current" has been changed to --output from the amplifier--.

Art Unit: 2816

The changes have been made in order comply with the 35USC 112, second paragraph and to place the application in a condition for allowance.

2. The following is an examiner's statement of reasons for allowance: the amendment filed 12/21/2005 has overcome the technical deficiencies and the prior art of record. The prior art of record fails to teach or fairly suggest the input terminal of the current detecting limiter unit is coupled to a junction between the emitter follower and the output buffer as called for in claim 1, the amplifier comprises a differential amplifier receiving an input voltage of the photo current generated from the photo detector and a reference voltage as called for in claim 6, a voltage source, first and second resistors, first and second transistors and the associated connection therebetween as called for in claims 8, 12 and 15. Therefore, claims 1, 4, 6-10 and 12-18 are presently allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
